

# Full Wall Instructions

Step 1:

Wrap hook & loop straps around the bottom of the truss bars and joints. Begin on one side and work your way over.

Step 2:

After the top of the wall is attached to the trusses, wrap the hook & loop straps around the canopy legs.

**IMPORTANT:**

- The top of the wall must line up with the bottom of the trusses.
- The wall sits between the fabric top and the frame.
